ETHNIC AND RACIAL FACTORS IN HYPERTENSION

This bibliography lists a variety of resources available on the subject of Ethnic and Racial Factors in Hypertension. Only the items with an asterisk (*) are available from the High Blood Pressure Information Center. Please contact the publishers or local resources for all other items.

GENERAL

Blood Pressure of Adults, by Race and Area, United States, 1960 - 1962, National Health Survey, National Center for Health Statistics, Series 11, Number 5, Washington, DC, U.S. Department of Health, Education, and Welfare, 1964.

Boyle, E., Jr., "Biological Patterns in Hypertension by Race, Sex, Body Weight, and Skin Color," Journal of the American Medical Association, 213(10):1637-1643, September 7, 1970.

Chakraborty, R., et al., "Heredity, Stress, and Blood Pressure, A Family Set: Method V. Heritability Estimates," Journal of Chronic Diseases, 30(10):683-699, October 1977.

Harburg, E., et al., "Heredity, Stress, and Blood Pressure, A Family Set: Method II. Results of Blood Pressure Measurement," Journal of Chronic Diseases, 30(10):649-658, October 1977.

Harburg, E., et al., "Skin Color, Ethnicity, and Blood Pressure: I. Detroit Blacks," American Journal of Public Health, 68(12):1177-1183, December 1978.

Harburg, E., et al., "Skin Color, Ethnicity, and Blood Pressure: II. Detroit Whites," American Journal of Public Health, 68(12):1184-1187, December 1978.

Hosten, A.O., "Hypertension in Black and Other Populations: Environmental Factors and Approaches to Management," Journal of the National Medical Association, 72(2):111-117, February 1980.

Schork, M.A., et al., "Heredity, Stress, and Blood Pressure, A Family Set: Method IV. Blood Pressure Adjustment Techniques," Journal of Chronic Diseases, 30(10):671-682, October 1977.

Schull, W.J., et al., "Heredity, Stress, and Blood Pressure, A Family Set: Method III. Family Aggregation of Hypertension," Journal of Chronic Diseases, 30(10):659-669, October 1977.

Schull, W.J., et al., "Heredity, Stress, and Blood Pressure, A Family Set Method. Epilogue," Journal of Chronic Diseases, 30(10):701-704, October 1977.

Tyroler, H.A. and James, S.A., "Blood Pressure and Skin Color," American Journal of Public Health, 68(12):1170-1172, December 1978.

Tyroler, H.A., "The Detroit Project Studies of Blood Pressure. A Prologue and Review of Related Studies and Epidemiological Issues," Journal of Chronic Diseases, 30(10):625-647, October 1977.
